Fact Sheet

WHAT

Through a comprehensive three-module program of learning and assessment, the CM certification validates a level of managerial competency and leadership potential. The CM credential is recognized worldwide and is attained by meeting eligibility requirements for education and experience and passing three CM assessment exams.

WHO

The CM Certification is appropriate for experienced managers and leaders working in all industries. To meet CM eligibility requirements, applicants must have combined education and experience that satisfy ICPM's 10 point scale.

How

Applicants can get started right away by completing the CM application at www.ICPM.net. Additional information can be obtained at www.ICPM.net or by calling ICPM at 540.410.1513.

WHY

CM certification is highly sought after in today's workplace because :

- ◆ It verifies your management and leadership abilities for career advancement
- ◆ It allows you to take control of your career by adding value to your resume.

WHEN

Enrollment in the CM certification is continuous and CM exams are administered on demand.

Three learning alternatives include: self-directed study, instructor facilitated online study, and group (i.e., classroom) study. Applicants have up to 15 months to complete the CM certification exams.
